

my name is

ALEX MSIMIKE: I am living in matembwe and matembwe is where I was born, I was employed as wall builder and carpenter by EDIFICO. For many years we have some problems with insects, rates and snakes which were hiding in the holes of the floor in some of the conners of the rooms which we used, and i remember one nurse was bitten by a snake which hid itself under the bed when she was to prepare the bed for the patient. by making a floor with tiles it is very good and we are assured as patients now that the place is safe. I am happy for the serious work done by the church through your help. Me as the first witness also together with the people of matembwe talk about the renovation and we are very happy for the good work done. I have witnessed with my eyes that the service and the environment is improved, we ask you to support this dispensary which is like a point of reference to us and for more than 30 villages in the parish of matembwe and near villages. May God bless you in your daily works.

YOURS IN TOUCH Alex Msimike (a worker during the renovation)

Buongiorno,  
sono Monica Giudici  
una volontaria che da tre anni  
conosce la Parrocchia di Matembuze  
e Don Method Msanga.  
Questa estate ho potuto vedere i  
grandi cambiamenti che sono  
stati fatti al dispensario.  
Sono stati verniciati i tetti, i  
muri, rifatti i pavimenti.  
Ringrazio molto per il vostro  
contributo che ha reso possibile  
tutti questi cambiamenti. Il  
dispensario della Parrocchia di  
Matembuze è un punto di riferimento  
importante per tutte le persone  
del villaggio e anche per quelle  
dei villaggi vicini. Sicura di  
poter contare ancora sul vostro  
aiuto. Ringrazio e porgo i  
miei più cordiali saluti.

Monica Giudici

My name Baraka Msimike, a worker, I am working with EDIFICO and we are happy that we have done such a beautiful job in Matembwe, we are happy that people get services and that we are part of this new step taken, we really thank you CARITAS ANTONIANA for your generous heart, we thank FR. METHOD and all who have devoted their time to work for this dispensary. We see that there some missing services like counselling room, surgery works, and there are few houses for nurses, if it will happen that you support them once again, we will be ready to cooperate by working through EDIFICO. THANK YOU ONCE AGAIN, yours Baraka

BUONGIORNO! SONO BARBARA MORO, da molti anni, precisamente dal 2005 vengo in Tanzania durante le vacanze estive. Ho conosciuto questo splendido paese grazie al mio don Gianni Proserpio. Ormai Tanzania e' la mia seconda casa ed e per questo che vorrei ringraziarvi personalmente per il prezioso aiuto che avete dato al villaggio di Matembwe. Questo anno padre METHOD mi ha parlato molto di voi CARITAS ANTONIANA. Ho visto grandi miglioramenti al dispensario del villaggio e questo grazie al vostro contributo e sostegno. GRAZIE INFINITE E KARIBU TANZANIA. E' la vostra amica Barbara di Rescaldina – Milano italia

My name is Berther mwipopo, I am working as nurse assistance in Matembwe dispensary, I thank you for your nice job done through your funds as given through Fr. Method Msanga. We appreciate for the work and we ask you to keep working with us in order that we can improve some missing service like water, operation room, counseling room, house for doctors and nurses and other facilities. You are welcome to Matembwe Tanzania.

Yours in touch Berther.

My dear friends, praised be Jesus Christ... I am Fr. Method Msanga a parish priest of Matembwe in NJombe diocese Tanzania. I really appreciate the good work done through the help of Caritas Atoniana. We are happy because all the buildings now look ervice is generally mproved, our people get cured, we really

thank you more. We hope you will keep in new and the environment has really thank you for your support, we hope we still ask you to support our dispensary and hence improve the service to our people through the water installation, house for nurses and doctor and the small operation room with all other facilities. We are always in touch with you, hope to cooperate with you more for the next support for our people here in Matembwe.

Yours don Method

My name is DENTAL B. I am living in the village of Matembwe and I have worked with EDIFICO for the whole work of the renovation, I am happy and I thank you CARITAS ANTONIANA for your help, I am the one who has designed the above hand script and I hope they look good. We still miss water, we pool water down from the well but sometimes it is difficult, we ask you to help our dispensary once again in this regard. Also I lost my sister last year because she was in Matembwe dispensary for delivery but unlucky she did not succeed to give birth normally so we had to arrange for the long trip in search for the hospital more than 60 kms and with this of arrangement and the long journey we lost our sister, so please if you can help us a small operation room so that women and children can get safe delivery here when operation is needed. I wish you all the best and we hope you will keep helping us through the church as you have done already with the renovation, really we thank you.

Yours in touch Dental
