

# THE MOON ALSO SETS

**W**ith its dazzling and magnificent outlook towers the enormous St.

Mary's Girls' secondary school Madera hall recently constructed by the funds from a generous donation by CARITAS ANTONIA ITALY

We owe you our utmost and sincere thanks for the passion you have shown us not only as students but as a community of St. Mary's girls' secondary School (SMAGS). You have given our school anew outlook, saved the problem of lack of spacious environment for instrumental and sensitive gatherings such as academic seminars, social get togethers and liturgy.

Above all, the hall has gone along way improving on the atmosphere during national

examinations: no wander the number of candidates now registered for both UCE and UACE examinations has sky rocketed.

To God be the glory

Long live CARITAS ANTONIANA

Long live Fr. Valentino Maragno

CHAIRPERSON UNSA

## WHAT A GREAT TRANSFORMATION

**M**ost of the activities at school that needed congregation were very disorganized because there was no room for such activities. The students were always disrupted by rainfall, sunshine and caterpillars

during mass because the prayer ground was near the flowers which posted discomfort.

The construction has helped the students to concentrate during prayers since

disruption by rainfall and sunshine is now history. Big occasions like seminar, mass always take place in the hall

The hall has improved the ambience of the school compound since it's year

built, nicely painted and in good strategic location.

Thanks be to the almighty God for enabling our donors, head teacher and board of governors to cooperate for

the successful completion of the project. Thank you for your kind and generous hearts.

We us students are grateful to have a nice hall.

**AKOL VERONICA**

## HOW THE MAINHALL HAS BENEFITED THE SCHOOL

extend  
my  
sincere  
gratitude to  
the donors  
for our  
magnificent  
main hall  
that has  
changed the  
face and the

image of St. Mary's Girls' Secondary School, Madera. Before the construction of the main hall. Students used pray in the assembly ground

which was bit uncomfortable especially during stormy and rainy weather conditions

And there was no specious room for other activities like UCE Exams, PTA meeting. We give glory to God for our wonderful main hall that is making us smile all the time and

keep thanking God for our donors, who have made our dream come true. We still pray for more development in our school.

We are pledging to burn candles at both ends as we now have wonderful hall for class discussions, debates and seminars.

**AMONGIN KEVIN**

Ass.EDUCATION PREFECT.

# FROM NOTHINGNESS TO GREATNESS

## ST. MARY'S MAIN HALL; OUR HALL.

**Y**ou are the morning star that now illuminates St. Mary's Girl's campus. Out of you is evidence of a great hand of generosity; **CARITAS ANTONIANA ITALY.** We are no more a pamper institution; Enrolment has greatly improved since the center size has been expanded Recreation is

guaranteed Prayers are serenely conducted and no more are our teachers and students scorched by the glaring rays of the sun.

Thank you our donors Fr. Valentino, Silvia & all. Out of your love we now have a new St. Mary's Girl's S.S, Madera.

WE APPRECIATE  
YOUR LOVE AND  
SUPPORT

## OUR DEAR DONORS

Before, we used have our prayers and Annual General Meetings outside; under tents and trees: There was no specific room for national examinations. This was rather challenging because we had to use the library to run exams. Apart being too small compared to the number of students, it was very inconveniencing and it greatly affected the intended library activities thus impacting on the student's research work; then eventually came the saviour

True friendship is action based.

*May God Almighty bless you (CARITAS ANTONIANA ITALY)*
